

# South Texas Energy Complex

## Duval County, Texas

### Location:

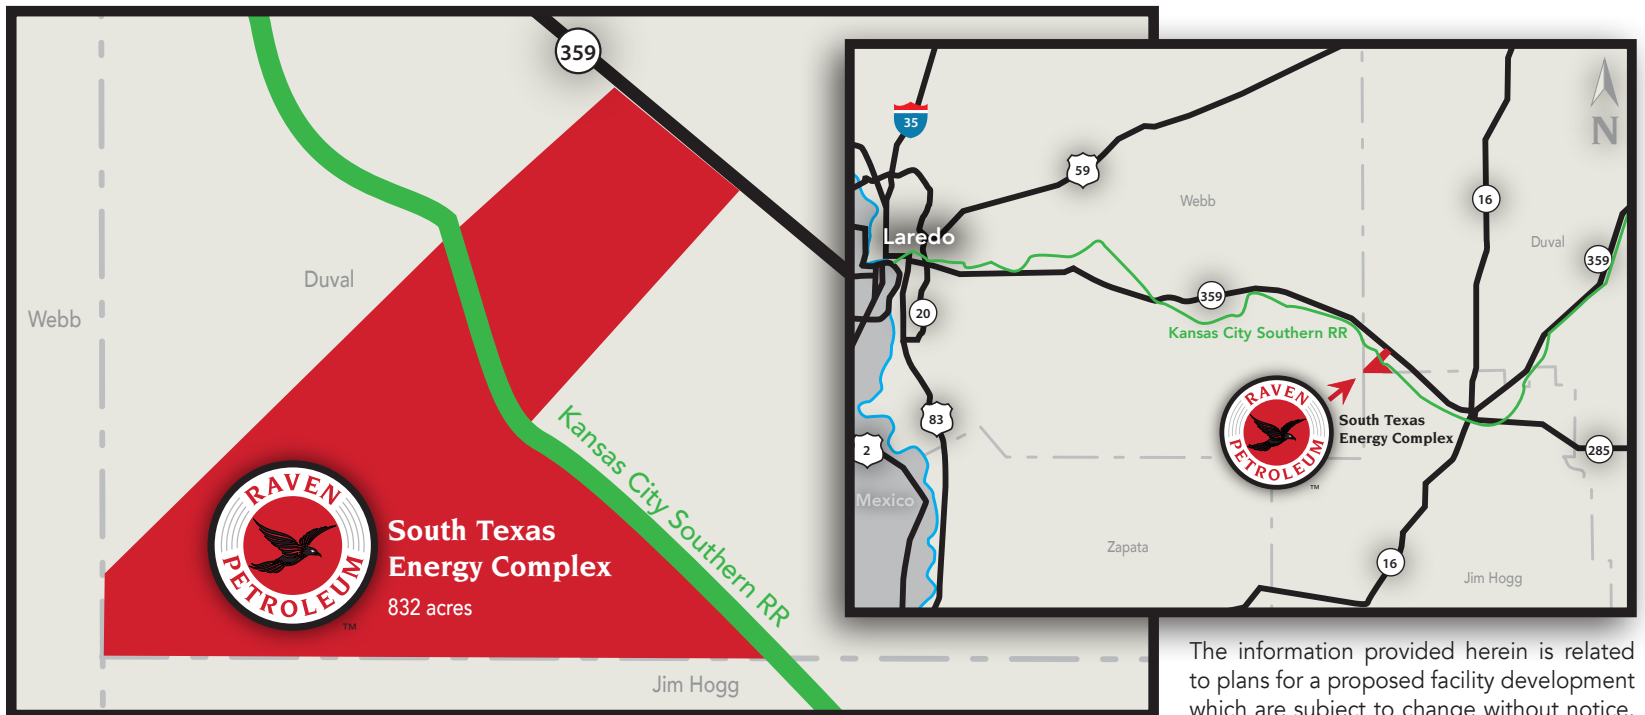

- Duval County, just outside of Laredo, Texas.
- Direct rail access to Mexico via Kansas City Southern Railroad.
- Two pipelines bisect the property.
- Adjacent highway transportation access.
- Access to ample feedstock from multiple Eagle Ford suppliers.
- Ideal position for distribution to newly opened Mexican markets.
- No other refineries located in the Laredo area.

### Size / Capacity:

- 50,000 barrel-per-day (bpd) crude oil refinery.
- Storage tank capacity of up to 4,000,000 barrels.
- Capacity of 2 inbound and 2 outbound Unit trains per day.
- Rail terminal infrastructure with approx 20 miles of internal track.
- 200 acres with 6,000+ ft direct rail frontage on the KCS mainline.
- Additional 632 acres for co-development.

### Planned initial product slate:

- Diesel fuel.
- Gasoline.
- Jet fuel.
- LPG gas products.
- Naphtha.

The information provided herein is related to plans for a proposed facility development which are subject to change without notice.

## Strategic Relationships

Raven has received positive support from local county officials and the Texas Governor's Office regarding permitting and development of the project.

Numerous established strategic partners will promote a smooth design and construction period, as well as an efficient transition to full operations, and reliable ongoing maintenance.
